Be a Part of the TLC Story!

In 1956, four Longmont families decided they wanted a better start in life for their children with special needs. Seventy years later, TLC Learning Center is still going strong, honoring our founders' vision of providing inclusive early childhood education and therapeutic services to the kids in our community who need it most.

It costs over $25,000 to provide services for typically developing children at TLC each year and over $30,000 for our students requiring therapy services. More than half of our families receive some sort of financial assistance and the TLC Scholarship Fund helps many of our families bridge the gap, providing the essential early intervention services that so many of our kids need to thrive.

One-hundred percent of the proceeds of our annual Christmas Tree Festival benefit the TLC Scholarship Fund. The generosity of sponsors like you helps us to ensure that these events are a success. In addition to knowing that you are making a difference in the lives of children in Northern Colorado, sponsors also receive a wide range of recognition--from virtual advertising via social media, to sponsor highlights on the TLC website, and our virtual raffle and auction platforms, to acknowledgment via banners, displays, and other print materials at our live events.
